How Do I Access the PerkinElmer Informatics Ideas Portal?

Simply [visit the Portal](#) and enter your email address in the sign-in field. If you have a PerkinElmer Informatics login, enter your email address and password and click 'Login'. For those who do not yet have an account, enter the requested information under the New User Registration section and click 'Register'.

Share your ideas with PerkinElmer Informatics!

For more than 35 years ChemDraw users have been providing essential feedback for next generation upgrades and improvements. Whether in the chemistry, biological research, environmental sciences or food markets, we've always sought out the input of those who use our platforms every day.

Users have lots of ideas for useful improvements to the products. We want to hear your ideas and work with you to improve product usability. To do this, we've created the PerkinElmer Informatics Ideas Portal.

What is the Ideas Portal?

It's a customer community which helps drive updates to the products you use. Using the Portal, you can:

- submit product improvement ideas to enhance product usability,
- vote on other user's suggestions,
- check the status of submissions, and
- gain a better understanding of the product by seeing how other customers are using it
